Parkway Village Elementary:

Tennessee's First 21st Century School

What is a 21st Century School?

A 21ST CENTURY SCHOOL
FOCUSES ON THE **4 C'S**.

COLLABORATION: Students work effectively with diverse groups and compromise to achieve common goals.

COMMUNICATION: Students communicate effectively across multiple media platforms and for various purposes.

CREATIVITY: Students generate and improve on original ideas and also work creatively with others.

CRITICAL THINKING: Students analyze, evaluate, and understand complex systems and apply strategies to solve real life problems.

Learning Environment:

Natural Lighting
Multi-Use learning zones
Flexible Seating
Mobile furniture that meets broad curriculum goals

Curriculum:

Project-Based Learning
Technology Driven
1:1 Devices
Collaborative
Globally Connected
Community Partners

We are a 21st Century Learning Community that embodies critical thinking, creativity, innovative instructional methods to support College and Career Readiness in a collaborative and flexible environment.
