

# PARKWAY VILLAGE ELEMENTARY

## Our History

**Nestled in the heart of Parkway Village is an unexpected treasure, Parkway Village Elementary School, a Pre-K through Fifth Grade School where students are guided daily through rigorous academic instruction that is tailored to address the needs of each student. Teachers also provide a genuine level of concern and compassion for their students. A commonly held belief of PVE's faculty and staff is that the whole child must be nurtured if academic growth is to occur. And with such ideology, rapport has been established between the students, parents, teachers and administrators. Parkway Village Elementary strives to educate the whole child. Thus, activities are offered beyond the school day that lend themselves to culturally enriching the lives of students.**

3000 Claudette Rd.  
Memphis, TN 38118
