- **Memphis Virtual Adult High School** allows students to graduate with a high school diploma from an accredited online school. Each student has access to self-paced courses, engaging video lessons, and virtual instruction.
- To meet **MVAHS** graduation requirements, the professional school counselor will conduct a transcript analysis, and the student will be placed on an individualized graduation plan.
- **MVAHS** prepares students for success after graduation. Whether they choose to attend college or pursue a career, graduates will be competitive with their peers.
