AGGIE CREED

I am a Woodstock Aggie.

I know that I possess unlimited amounts of unrealized potential.

I know that I have the intelligence to excel in life.

I know that I have the ability to create positive opportunities for my future.

I know that the greatest achievements of my life and the success I attain, are dependent upon the choices that I make.

And I know that through the application of what I learn, I can solve any problem, and achieve any goal that I set for myself . . . Because **I am a Woodstock Aggie!**
