

White Station High School's College Visitation Process

During the 2025-2026 school year, SENIORS will be allowed two excused absences during the first or the second semester, and JUNIORS will be allowed two excused absences during the second semester only for college visitation. We encourage these visits as they are an important part of your college preparation. This form must be turned into Mrs. Schusster's office, located in the library, bearing the signature of the parent/guardian.

Upon return from the visit, the JUNIOR and SENIOR must provide Mrs. Schusster with documentation from the college, university, or educational institution verifying the visit. This document must be on the school letterhead and bear the signature of a school official from the institution visited. The student must submit the document to Mrs. Schusster's office within 3 days of returning to school. Allowing students to visit secondary schools is a crucial part of our school's commitment to supporting your child's academic journey beyond high school.

College(s) attending: _____

Date of Absence(s) will be: _____

I understand that appropriate documentation from the institution visited is necessary for the absence(s) to be excused. I have read and understand the above information regarding college visitation for White Station High School.
