

K-8 Students

Using i-Ready for the 2020 Summer Online Program

Dear K-8 Parents/Guardians,

Your children are able to continue their learning at home with i-Ready! i-Ready provides personalized academic and enrichment activities to meet your student's specific needs. These i-Ready MATH and READING instruction lessons will support students' growth, development and grade-level readiness.

By working on the prescribed (**green button**) and teacher assigned (**blue button**) i-Ready lessons, your child will be addressing individual skill deficits and key grade level skills/standards that will help ensure they are proficient on prerequisite skills for next year.

All you need to get started are a computer, internet, and the following:

- Run a **system check** on your computer at: <http://www.i-ready.com/support/>
- **Website:** <https://clever.com/in/scs>
- **Student Username:** same as they use to log into Clever/i-Ready at school
- **Student Password:** same as they use to log into Clever/i-Ready at school

In support of your child, please monitor usage and provide assistance when necessary. You may check your child's progress by having him/her log in and click the **"My Progress"** tab. Here you will be able to see exactly what skills your student has been working on.

The program will be available for use through July 2020, when it locks for a 20-21 refresh.

Troubleshooting Assistance:

- **For help getting your students' login information:** contact the SCS Parent Welcome Center at **901-416-5300** (ask for Parent Welcome Center) or scshelp@scsk12.org
- **If i-Ready is saying your student has no lessons:** contact mricci@cainc.com
- **For other technical issues:** please visit www.i-ready.com/athome or <http://www.i-ready.com/support/> for additional help call **1 (800) 225-0248**.

Stay well this Summer!
