# What is Title I?

Title I is the largest federal aid program for our nation's schools.

The goal of Title I is to provide a high-quality education for every child.

Title I resources are directed to schools with high poverty levels.

## Parents' Rights to Know

The Every Student Succeeds Act (ESSA) allows parents and guardians the ability to request information regarding the professional qualifications of the student's teachers and paraprofessionals.

The families and parents of Title I students have a right, by law, to:

Request opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions about the education of your child.

Request and receive information on the qualifications of your child's teacher and paraprofessional who are working with your child

# What is a Parent and Family Engagement Policy?

These plans address how the district and school will implement the parent and family engagement requirements of ESSA.

Components include:

how parents and families can be involved in decision-making and activities;

how parent and family engagement funds are being used;

how information and training will be provided to families; and

how the school will build capacity in families and staff for strong parent and family engagement

You as a Title I parent or family member, have the right to be involved in the development of these plans

“Through effective communication with parents, teachers can have the greatest impact on their side, teachers can more effectively manage most academic and behavioral issues that arise. When the most important adults in a child’s life are working together, students benefit enormously.”

# Family Engagement Plan

Scenic Hills Elementary  
Family Engagement Plan  
2024-2025 School Year

Scenic Hills Elementary has a special responsibility to our parents and the community by providing opportunities for the parent to get involved and share the responsibility of promoting success in our children. This Family Engagement Plan was jointly developed with parents to establish the expectations for parental involvement. Our policy is in compliance with Shelby County Schools policy.

## Parental Plan

Scenic Hills encourages parental involvement in the educational process. We believe the school and home have a shared goal of promoting success in our children. Our parents will act as advisors, resource persons, and coordinators in the following way:

1. Attend school events, meetings or workshops and serve as advisors
2. Participate in at least one school sponsored parent-teacher conference
3. Use their talents/resources to enhance instructional programs
4. Respond to memos, surveys, and questionnaires expressing ideas, opinions, and concerns

## Scenic Hills' Title I Plan

To ensure that our parents participate in an organized and ongoing way, in the planning, review, and improvement of the programs for parental involvement and the Family Engagement Plan, we will do the following:

- ✓ Notify parents of the plan in a language that parents can understand
- ✓ Make the plan available to the local community and update the plan periodically
- ✓ Convene an annual meeting to inform parents about the plan, parental involvement programs, and the right of parents to be involved
- ✓ Offer a flexible number of meetings, both mornings and evenings
- ✓ Make sure that an adequate representation of parents are involved in an organized, ongoing, and timely way in the planning, review, and improvement of both the Family Engagement Plan and the TSIP
- ✓ Provide parents with timely information about school programs
- ✓ Provide parents a description and explanation of the curriculum, forms of assessments used to measure growth, and the proficiency levels the students are expected to meet
- ✓ Per parent request, offer opportunities for meetings to formulate suggestions and to participate in decisions relating to the education of their children
- ✓ Have a process in place to submit parent comments on the TSIP if it is not satisfactory to the parents
- ✓ Provide assistance to parents in understanding topics such as the State's academic content and achievement standards, local and State assessments, and how to monitor a child's progress and work with educators to improve student achievement
