A novel

Linda Sue Park

Sandpiper (2011)

A Long Walk to Water begins as two stories, told in alternating sections, about a girl in Sudan in 2008 and a boy in Sudan in 1985.

The boy, Salva, becomes one of the "lost boys" of Sudan, refugees who cover the African continent on foot as they search for their families and for a safe place to stay. Enduring every hardship from loneliness to attack by armed rebels to contact with killer lions and crocodiles, Salva is a survivor, and his story goes on to intersect with Nya's in an astonishing and moving way.

♥ A Series of Unfortunate Events #3: The Wide Window

Lemony Snicket

Harper Collins (February 2, 2000)

Summary:

Dear Reader, If you have not read anything about the Baudelaire orphans, then before you read even one more sentence, you should know this: Violet, Klaus, and Sunny are kindhearted and quick-witted, but their lives, I am sorry to say, are filled with bad luck and misery. All of the stories about these three children are unhappy and wretched, and this one may be the worst of them all. If you haven't got the stomach for a story that includes a hurricane, a signalling device, hungry leeches, cold cucumber soup, a horrible villain, and a doll named Pretty Penny, then this book will probably fill you with despair. I will continue to record these tragic tales, for that is what I do. You, however, should decide for yourself whether you can possibly endure this miserable story. With all due respect, Lemony Snicket

Lemony Snicket

HarperCollins (August 8, 2000)

Summary:

At such short notice, it's lucky that the Baudelaires were able to find room at boarding school. Even though the dormitory is full, there's sure to be "somewhere" for them to sleep. It's important to be well rested for school -- or in case of an emergency. It's fortunate too that the siblings will have a chance to meet some other children. Even though some students are rude, or possibly a part of an evil scheme, there's hope that the Baudelaires will make some friends. A good friend can be a great help in a pinch. The children will even have the chance to take part in a unique athletic program. Even with a sketchy instructor, they will develop strong legs. Strong legs can come in handy for sports -- or to run for your life. With some good sleep, nice friends, a solid education, and strong legs, the Baudelaires will hopefully be as well prepared as they can -- just in case their time at school turns out to be another wretched episode in a series of unfortunate events.

The Newbery Medal and Coretta Scott King Award-winning classic about a boy who decides to hit the road to find his father—from Christopher Paul Curtis, author of *The Watsons Go To Birmingham—1963*, a Newbery and Coretta Scott King Honoree. It's 1936, in Flint, Michigan. Times may be hard, and ten-year-old Bud may be a motherless boy on the run, but Bud's got a few things going for him: 1. He has his own suitcase full of special things. 2. He's the author of Bud Caldwell's *Rules and Things for Having a Funner Life and Making a Better Liar Out of Yourself*. 3. His momma never told him who his father was, but she left a clue: flyers advertising Herman E. Calloway and his famous band, the Dusky Devastators of the Depression!!!!!! Bud's got an idea that those flyers will lead him to his father. Once he decides to hit the road to find this mystery man, nothing can stop him—not hunger, not fear, not vampires, not even Herman E. Calloway himself. **BEST BOOK OF THE YEAR:** The New York Times School Library Journal Publishers Weekly "[A] powerfully felt novel." —The New York Times "Will keep readers engrossed from first page to last." —Publishers Weekly, Starred "Curtis writes with a razor-sharp intelligence that grabs the reader by the heart and never lets go. . . . Laurie Halse Anderson

Simon and Schuster (January 5, 2010)

Summary:

If an entire nation could seek its freedom, why not a girl? As the Revolutionary War begins, thirteen-year-old Isabel wages her own fight...for freedom. Promised freedom upon the death of their owner, she and her sister, Ruth, in a cruel twist of fate become the property of a malicious New York City couple, the Locktons, who have no sympathy for the American Revolution and even less for Ruth and Isabel. When Isabel meets Curzon, a slave with ties to the Patriots, he encourages her to spy on her owners, who know details of British plans for invasion. She is reluctant at first, but when the unthinkable happens to Ruth, Isabel realizes her loyalty is available to the bidder who can provide her with freedom. From acclaimed author Laurie Halse Anderson comes this compelling, impeccably researched novel that shows the lengths we can go to cast off our chains, both physical and spiritual.

Jason Reynolds

Simon and Schuster (2016)

Summary:

A National Book Award Finalist for Young People’s Literature Nominated as one of America’s best-loved novels by PBS’s The Great American Read Ghost wants to be the fastest sprinter on his elite middle school track team, but his past is slowing him down in this first electrifying novel of the acclaimed Track series from Coretta Scott King - John Steptoe Award–winning author Jason Reynolds. Ghost. Lu. Patina. Sunny. Four kids from wildly different backgrounds with personalities that are explosive when they clash. But they are also four kids chosen for an elite middle school track team—a team that could qualify them for the Junior Olympics if they can get their acts together. They all have a lot to lose, but they also have a lot to prove, not only to each other, but to themselves. Running. That’s all Ghost (real name Castle Cranshaw) has ever known. But Ghost has been running for the wrong reasons—it all started with running away from his father, who, when Ghost was a very little boy, chased him and his mother through their apartment, then down the street, with a loaded gun, aiming to kill. Since then, Ghost has been the one causing problems—and running away from them—until he meets Coach, an ex-Olympic Medalist who sees something in Ghost: crazy natural talent. If Ghost can stay on track, literally and figuratively, he could be the best sprinter in the city. Can Ghost harness his raw talent for speed, or will his past finally catch up to him?

Heroes of Olympus, The, Book Two: The Son of Neptune

Rick Riordan

Hyperion Book CH (October 4, 2011)

Summary:

Percy is confused. When he awoke after his long sleep, he didn't know much more than his name. His brain-fuzz is lingering, even after the wolf Lupa told him he is a demigod and trained him to fight. Somehow Percy managed to make it to the camp for half-bloods, despite the fact that he had to continually kill monsters that, annoyingly, would not stay dead. But the camp doesn't ring any bells with him. Hazel is supposed to be dead. When she lived before, she didn't do a very good job of it. When the Voice took over her mother and commanded Hazel to use her "gift" for an evil purpose, Hazel couldn't say no. Now, because of her mistake, the future of the world is at risk. Frank is a klutz. His grandmother claims he is descended from ancient heroes and can be anything he wants to be, but he doesn't see it. He doesn't even know who his father is. He keeps hoping Apollo will claim him, because the only thing he is good at is archery—although not good enough to help the Fifth Cohort win at war games. His big and bulky physique makes him feel like a clumsy ox, especially in front of Hazel, his closest friend at camp. He trusts her completely—enough, even, to share the secret he holds close to his heart. Beginning at the "other" camp for half-bloods and extending as far north as the land beyond the gods, this breathtaking second installment in the Heroes of Olympus series introduces new demigods, revives fearsome monsters, and features other remarkable creatures, all of whom are destined to play a part in the most important quest of all: the Prophecy of Seven.

Summary:

Amber Brown loves the holidays. The shopping, the wrapping, the unwrapping. She isn't having any trouble with gifts, but life is another story. She's so happy her dad has moved back to New Jersey, but her mom isn't. It means the beginning of shared custody, and that means more fighting. Amber feels as if half of her belongs to her mom and half of her belongs to her dad, and that doesn't feel good at all. Then her mom says she can't get her ears pierced, but her dad doesn't know that. Amber makes a decision. Something has to belong to her, so why shouldn't it be her ears? Full of the fun, humor, and punny dialogue Paula Danziger's famous for, this is a winning entry in the ever-popular series. Praise for the Amber Brown series: "Upbeat, authentic and humorous..." --School Library Journal (starred review) "Without a trace of condescension, Danziger gets the child's funny and vulnerable voice." --Booklist "Fresh and fast-paced..." --Entertainment Weekly

As the anti-dog rhetoric escalates, Ike is compelled to join the political fray and run for mayor himself. Bugwort rethinks his pooch-policies when Ike selflessly helps rescue him after he collapses at a campaign rally. Told through letters to Mrs. LaRue and local newspaper accounts, Mark Teague delivers another excellent execution of split-screen visuals and uproarious escapades of the unforgettable Ike.

Little Rock Girl 1957

How a Photograph Changed the Fight for Integration

Shelley Tougas

Capstone (2012)

Summary:

Nine African American students made history when they defied a governor and integrated an Arkansas high school in 1957. It was the photo of a young girl trying to enter the school being taunted, harassed and threatened by an angry mob that grabbed the world's attention and kept its disapproving gaze on Little Rock, Arkansas. In defiance of a federal court order, Governor Orval Faubus called in the National Guard to prevent the students from entering all white Central High School. The plan had been for the students to meet and go to school as a group on September 4, 1957. But one student didn't hear of the plan and tried to enter the school alone. A chilling photo by newspaper photographer Will Counts captured the sneering expression of a girl in the mob and made history. Years later Counts snapped another photo, this one of the same two girls, now grownup, reconciling in front of Central High School.

Her story is told with lyricism and pathos by Gary D. Schmidt, one of the most celebrated writers for children in the twenty-first century, and brought to life by award winning and fine artist Daniel Minter. This combination of talent is just right for introducing this legendary figure to a new generation of children.

Harper Collins (November 13, 1986)

Summary:

An African-American child resents and then misses a little foster brother. One day my momma told me, "You know you're gonna have a little friend come stay with you." And I said, "Who is it?" and "For how long?" That's when Stevie moved in with his crybaby self. He played with my toys and broke them, and he left dirty footprints all over my bed. But then Stevie left again, and I missed him. I missed playing Cowboys and Indians on the stoop and watching cartoons in the morning. Maybe. . . just maybe, Stevie wasn't so bad after all. The Miserable Mill

Lemony Snicket

HarperCollins Publishers (2000)

**Summary:**

Dear Reader, I hope, for your sake, that you have not chosen to read this book because you are in the mood for a pleasant experience. If this is the case, I advise you to put this book down instantaneously, because of all the books describing the unhappy lives of the Baudelaire orphans, this one might be the unhappiest yet. Violet, Klaus, and Sunny Baudelaire are sent to Paltryville to work in a lumbermill, and they find disaster and misfortune lurking behind every log. The pages of this book, I'm sorry to inform you, contain such unpleasanties as a giant pincher machine, a bad casserole, a man with a cloud of smoke where his head should be, a hypnotist, a terrible accident resulting in injury, and coupons. I have promised to write down the entire story of these three poor children, but you haven't, so if you prefer stories that are more heartwarming, please feel free to make another selection. With all due respect, Lemony Snicket

S. E. Hinton

Penguin (September 1, 1988)

Summary:

Over 50 years of an iconic classic! This international bestseller and inspiration for a beloved movie is a heroic story of friendship and belonging. No one ever said life was easy. But Ponyboy is pretty sure that he's got things figured out. He knows that he can count on his brothers, Darry and Sodapop. And he knows that he can count on his friends—true friends who would do anything for him, like Johnny and Two-Bit. But not on much else besides trouble with the Socs, a vicious gang of rich kids whose idea of a good time is beating up on “greasers” like Ponyboy. At least he knows what to expect—until the night someone takes things too far. The Outsiders is a dramatic and enduring work of fiction that laid the groundwork for the YA genre. S. E. Hinton's classic story of a boy who finds himself on the outskirts of regular society remains as powerful today as it was the day it was first published. ♥ The Thing at the Foot of the Bed and Other Scary Tales

Maria Leach

Courier Dover Publications (May 18, 2016)

Summary:

A mysterious hitchhiker, a lovelorn pig, and a backseat gangster are among the colorful characters that populate these spooky stories. Noted folklorist Maria Leach spins a tapestry of yarns that originated in the British Isles, New England, and the American South. Moody black-and-white drawings complement the stories, which range from humorous and playful to downright eerie. There's the one about the fellow who saw two eyes staring at him from the foot of the bed, and the one about the family that ran away from their malevolent household spirit only to find that it had come with them. The tale of the golden arm, a favorite of Mark Twain's, is a standard of campfire gatherings. Other chilling stories recount scenes from haunted houses, ghostly visitations, and midnight trips to the graveyard. An amusing selection of "Do's and Don'ts About Ghosts" offers advice to those who go looking for scares as well as those who find them accidentally, and the stories' sources and backgrounds are explained in helpful notes and a bibliography. "An enjoyably creepy collection of tales." — Through Raspberry Colored Glasses.

Sherri L. Smith and Who HQ

Penguin (August 7, 2018)

Summary:

It's up, up, and away with the Tuskegee Airmen, a heroic group of African American military pilots who helped the United States win World War II. During World War II, black Americans were fighting for their country and for freedom in Europe, yet they had to endure a totally segregated military in the United States, where they weren't considered smart enough to become military pilots. After acquiring government funding for aviation training, civil rights activists were able to kickstart the first African American military flight program in the US at Tuskegee University in Alabama. While this book details thrilling flight missions and the grueling training sessions the Tuskegee Airmen underwent, it also shines a light on the lives of these brave men who helped pave the way for the integration of the US armed forces.

Zane and the Hurricane

A Story of Katrina

W. Rodman Philbrick

Scholastic Incorporated (2014)

Summary:

Newbery Honor author Rodman Philbrick presents a gripping yet poignant novel about a 12-year-old boy and his dog who become trapped in New Orleans during the horrors of Hurricane Katrina. Zane Dupree is a charismatic 12-year-old boy of mixed race visiting a relative in New Orleans when Hurricane Katrina hits. Unexpectedly separated from all family, Zane and his dog experience the terror of Katrina's wind, rain, and horrific flooding. Facing death, they are rescued from an attic air vent by a kind, elderly musician and a scrappy young girl--both African American. The chaos that ensues as storm water drowns the city, shelter and food vanish, and police contribute to a dangerous, frightening atmosphere, creates a page-turning tale that completely engrosses the reader. Based on the facts of the worst hurricane disaster in U.S. history, Philbrick includes the lawlessness and lack of government support during the disaster as well as the generosity and courage of those who risked their lives and safety to help others. Here is an unforgettable novel of heroism in the face of truly challenging circumstances.
