

How do I get a Google phone number?

**Sign up for Voice and get your number (laptop/desktop)**

1. On your computer, go to [voice.google.com](https://voice.google.com)
2. Sign in to your Google Account
3. After reviewing the Terms of Service and Privacy Policy, tap continue
4. Search by nearest city or area code for a number. (Voice doesn't offer 1-800 numbers)
5. Next to the number you want, click Select.
6. Verify selected numbers by entering in your primary phone number and wait for verification code.
7. Enter in the code texted to you in order to link your Google Voice number to your primary phone number.
8. Finally, select Finish.

**Sign up for Voice and get your number (iPhone/Android app)**

1. Download Google Voice app
2. Sign in to your Google Account
3. After reviewing the Terms of Service and Privacy Policy, tap continue
4. Search by nearest city or area code for a number. (Voice doesn't offer 1-800 numbers)
5. Next to the number you want, click Select.
6. Verify selected numbers by entering in your primary phone number and wait for verification code.
7. Enter in the code texted to you in order to link your Google Voice number to your primary phone number.
8. Finally, select Finish.
