

DO NOW

Take 2-3 minutes and write down
your best definition of what
music is and then what **noise** is.

Then, let's discuss!

WHAT IS MUSIC?

“ What we are going to Discover!

- What music and noise are
- Different ways to make music
- Different types of instruments

MUSIC V. NOISE

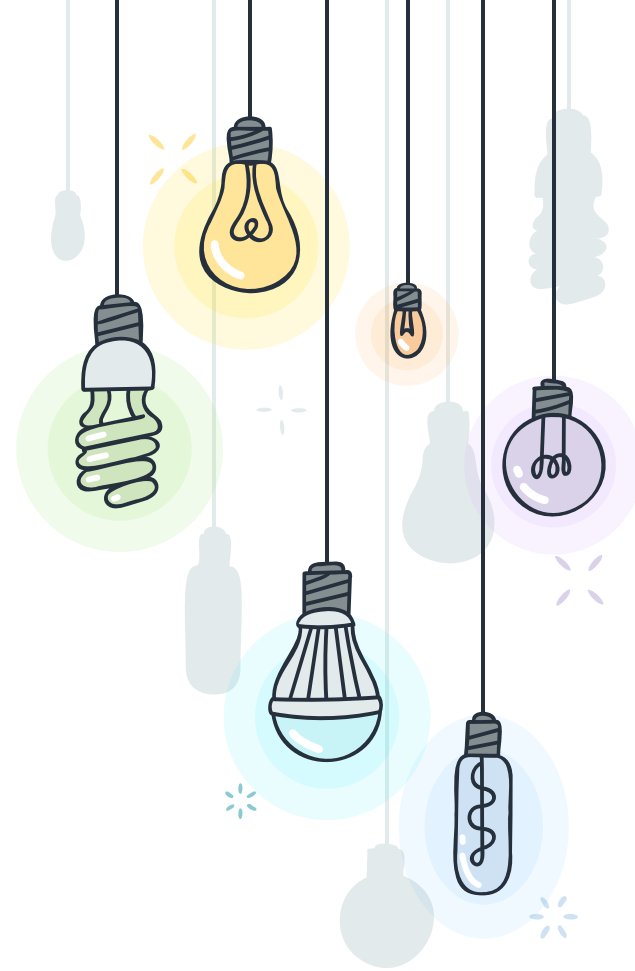

MUSIC

Sounds containing at least 1 of the following things:

Melody, harmony, or rhythm

NOISE

Unpleasant sounds that have no purpose or idea behind them

So we have discovered
what music is, but in
order to make music, do
we have to use

* traditional instruments?
Why or why not?

Watch this video and be ready to talk about
some of the “instruments” they use!

SEE, IN ORDER TO MAKE MUSIC
YOU DON'T ALWAYS HAVE TO USE
"INSTRUMENTS." WE CAN USE
SOMETHING CALLED
NON-TRADITIONAL
INSTRUMENTS.

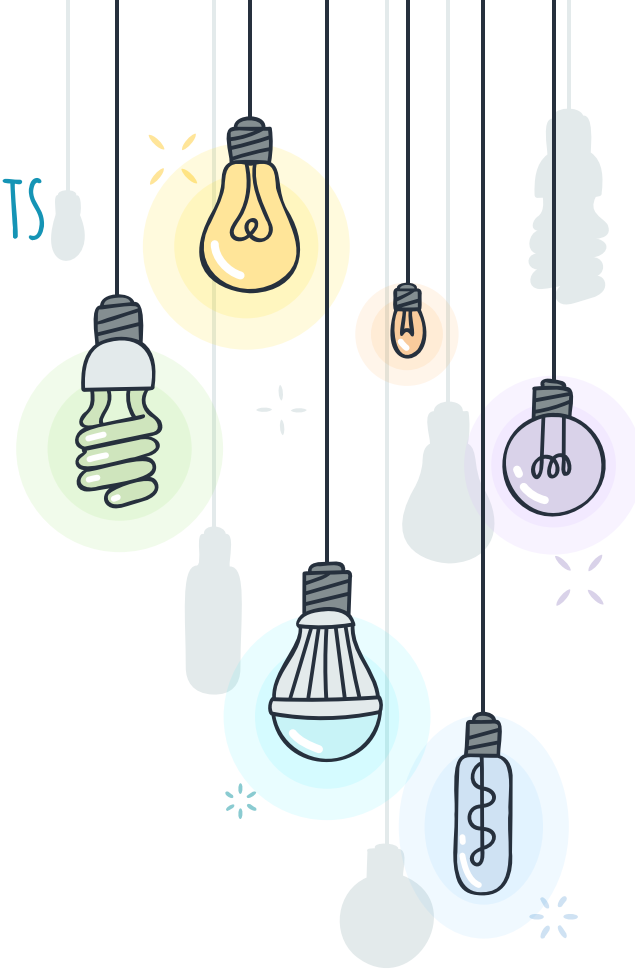

* TRADITIONAL V. NON-TRADITIONAL INSTRUMENTS

TRADITIONAL

- Any instrument created for the purpose of making music!

NON-TRADITIONAL

- Anything **NOT** created for music, but it being used as such.

CHECK OUT THIS
NON-TRADITIONAL
INSTRUMENT!

FINAL CONCEPT:

Pitched v. unpitched
instruments

* PITCHED

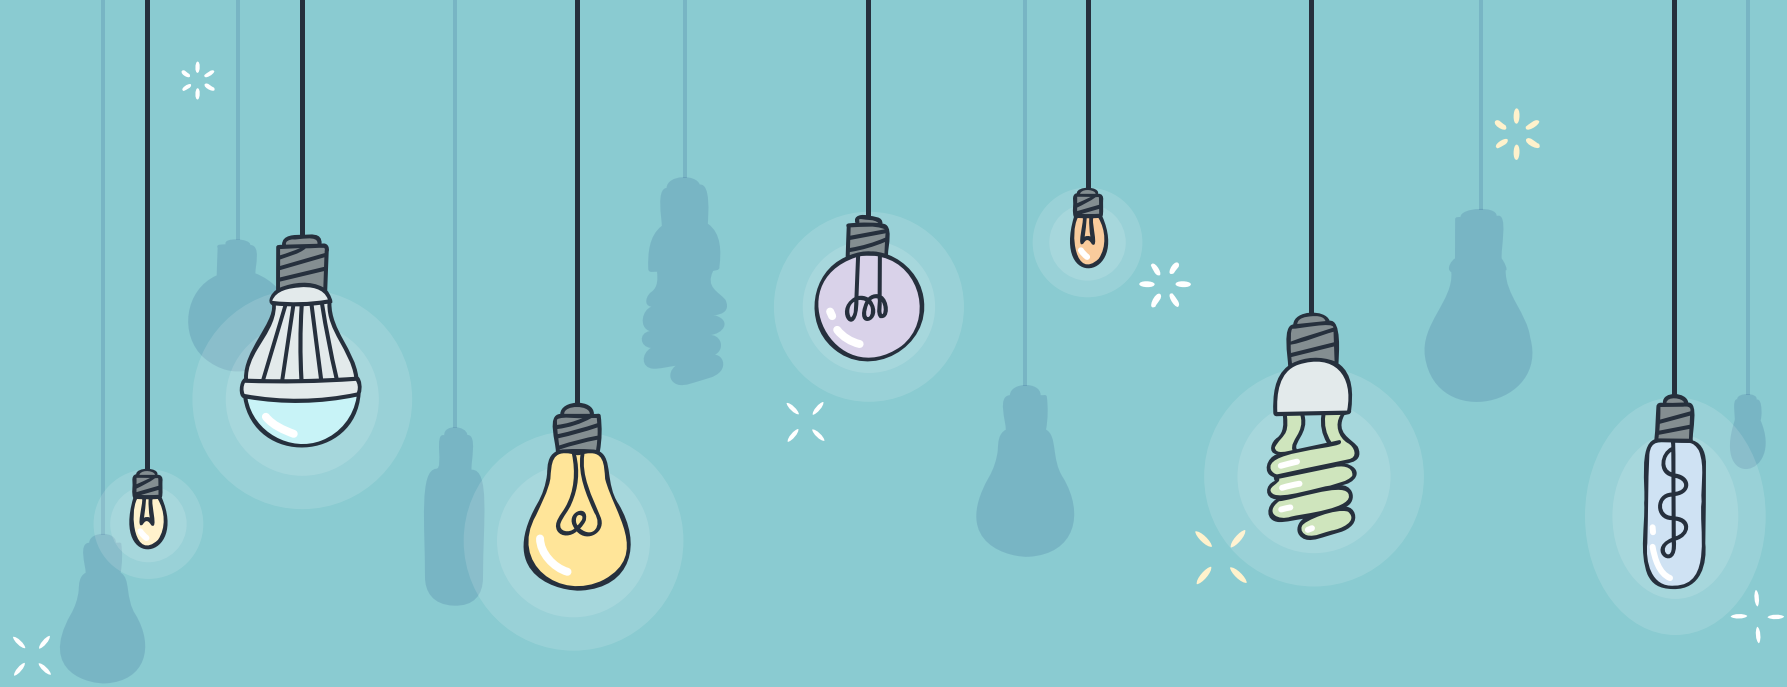

- + A pitched instrument is any instrument that has a pitch you can hum back
 - × Examples: piano, flute, violin, cello, trumpet, saxophone etc.

* UNPITCHED

- + Any instrument that does NOT have a pitch you can hum back.
- + Examples: drums, bongos, cowbell, tambourine, cymbals etc.

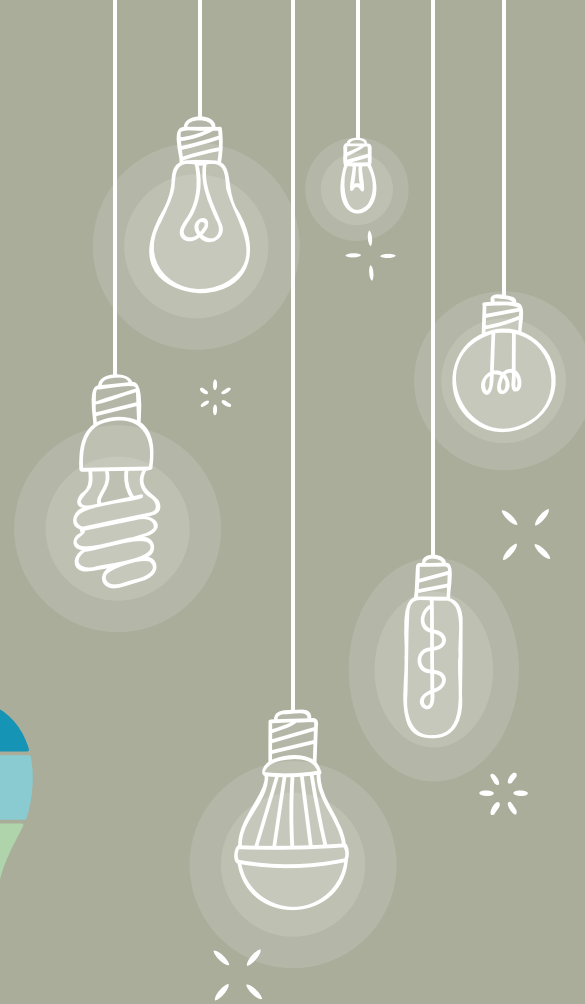

POP QUIZ: I WILL NAME AN INSTRUMENT
AND YOU TELL IF IT IS PITCHED OR UNPITCHED!

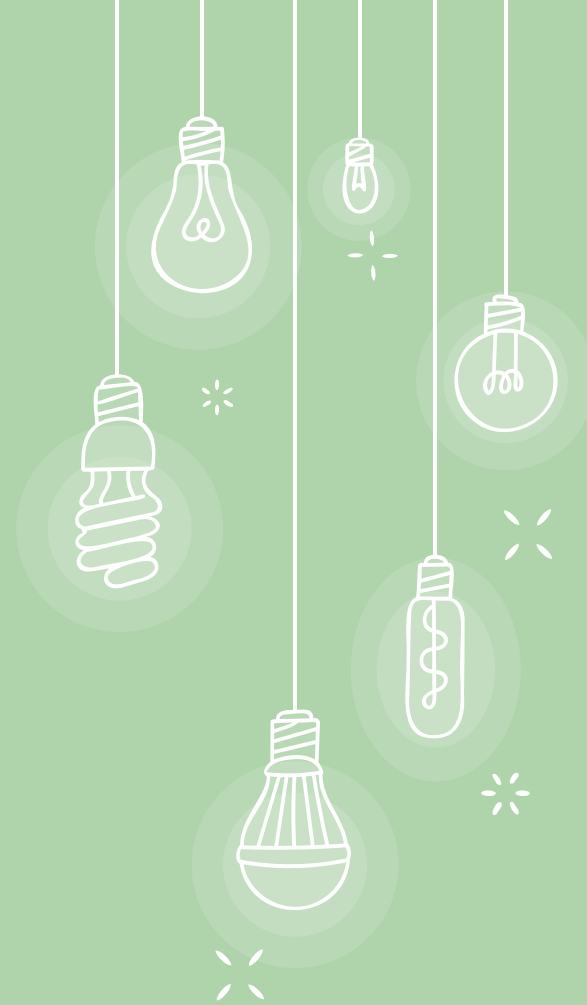

Challenge Time! Who can give me an example of the following?

- **A Traditional pitched instrument**
- **A traditional, unpitched instrument**
- **A non-traditional, unpitched instrument**

IS THERE SUCH A THING AS A
NON-TRADITIONAL *PITCHED*
INSTRUMENT? IF SO, WHAT IS
AN EXAMPLE OF ONE?
